

Holiday Fire Safety

Preventing Christmas Tree Fires:

- Choose a freshly cut tree. The trunk should be sticky to the touch and the needles should be green and hard to pull back from the branches.
- Do not place your tree near a heat source, it will dry out the tree causing it to be easier to ignite.
- Do not block foot traffic or doorways with your tree.
- Keep the tree stand filled with water at all times.
- Never put branches or needles in a fire-place or wood burning stove. When it becomes dry take it to a recycling center or drop off site.

Christmas trees account for 250 fires annually, resulting in 14 deaths, 26 injuries and \$13.8 million in property damage.

Holiday Lights:

- Inspect lights each year for frayed wires, bare spots, broken or cracked sockets and extensive kinking.
- Do not link more than 3 light strands. Connect to extension cord before plugging in to outlet.
- Check wires periodically. They should not be warm to the touch.
- Turn off lights before you go to bed or leave the house.

Holiday Decorations:

- Use only nonflammable or flame-retardant decorations.
- Do not hang popcorn chains or candy canes on trees when small children are present. They may also think other tree ornaments are edible.

Employee of the Month

JARED KALTENBACH

Jared has been with our company only a few short months.. He received 3 acknowledgements from customers within a one week period. Although Jared appears to be very quiet, he is extremely quick to learn. He really takes pride in and enjoys his job with C&D. He also enjoys working with all of our technicians, leads, and office personnel.

Jared is married and has a 12 year old daughter. When Jared is not at work, he really enjoys watching NCAA football and basketball. He also loves technology (phones and tablets).

From our family to yours, we at Cleaner&Dryer would like to wish you a very Merry Christmas and a Happy New Year!!!

I pledge that all of our clients will receive ethical, knowledgeable, and personalized service.

This will be done through consistent education, certification, and in-house training of all our team members.

Jon Schoon

We don't like to brag....
...we let our customers do it for us:

I would like to say we are very pleased with the work you did for us a few weeks ago when we had water in our basement. Very professional and quick to respond to phone calls. We would not hesitate to call you again if we needed like services. "
