

Kitchen Fire Safety Tips:

- Never leave food cooking on the stovetop unattended. Also, keep a close eye on food cooking in the oven.
- Never place or store combustible items on the range top or in the oven. Food containers, plastic cookware, towels and potholders can all burn.
- Wear short, close-fitting or tightly rolled sleeves when cooking.
- Turn pot handles inward to prevent food spills or burns.
- Clean cooking areas frequently. Built up grease can catch fire.
- Mount an A-B-C dry chemical fire extinguisher at eye level near the exit to your kitchen.
- Keep a container of baking soda handy to extinguish small kitchen fires. NEVER use flour—flour is flammable!
- Install at least one smoke detector on every level of your home.

Kitchen Fire Safety

- More house fires start in the kitchen than in any other room of the home.
- Cooking is the #1 cause of house fires in the U.S. and the leading cause of home-fire related injuries.
- Cooking fires more often result from unattended cooking and human error than from mechanical failure of stoves or ovens.
- The range top, rather than the oven, is the most likely source of ignition.

Fighting Kitchen Fires:

- In the event of a kitchen fire, get out immediately and call 9-1-1.
- Always keep a potholder or oven mitt and a lid handy. If a grease fire starts in a pan, put on the oven mitt and smother the flames by sliding the lid on the pan. Turn off the burner. Do not remove the lid until the pan is completely cool.
- NEVER pour water on a grease fire.
- Avoid discharging a fire extinguisher directly onto a pan. This can spray or shoot burning grease around the kitchen.
- Never attempt to carry a burning pan outside.
- For a fire in an oven, keep the door shut and turn off the heat.

Employee of the Month

DYLAN ROBERTS

Dylan began working at Cleaner&Dryer only a few short months ago, but is a much appreciated and welcomed addition. He has an excellent sense of humor, is an incredibly hard worker, and gains knowledge of the job rather easily. When not working, Dylan likes to spend time with his girlfriend, Erica. He also likes playing basketball, listening to music, and hanging out with his buddies.

We're Here To Help!

From our family to yours, we at Cleaner&Dryer would like to wish you a Happy and Healthy Holiday!

I pledge that all of our clients will receive ethical, knowledgeable, and personalized service.

This will be done through consistent education, certification, and in-house training of all our team members.

Jon Schoen
President,
Cleaner&Dryer

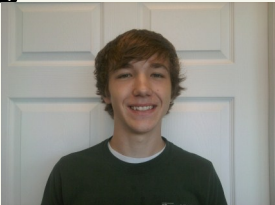

**Cleaner&Dryer
Flood & Fire
Cleanup & Repair
888-654-2532**

We don't like to brag....
...we let our customers do it for us:

Thanks so much for your prompt and friendly service. I could not have survived without your help.

Yolanda - Toledo
